

WHY

INDOCHINA?

Diverse Products

Indochina offers a wide variety of little-known travel treasures; from nature's gifts like Halong Bay or Luang Prabang, secluded white sandy beaches like Lang Co, forested mountains and cultural heritage like Angkor Wat, to vibrant cities surging with energy. Indochina has something special for everyone.

Excellent Services

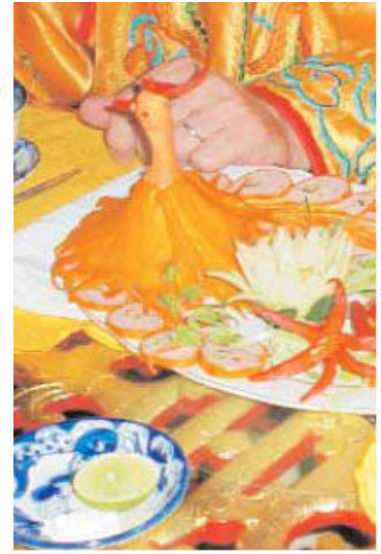

Service in Indochina is delivered with genuine care, smiles and pride. Local peoples have firm beliefs and values. They are warm, welcoming, hospitable and proud of where they live.

Ample Infrastructure

Infrastructure was often cited as the reason Indochina was not one of the world's most popular incentive program destinations. Things have changed dramatically. An enormous amount of investment has developed top class new meeting facilities, deluxe hotels and resorts, professional training schools and restaurants. The upgrades and renovation continue throughout the region.
